BOIS ENERGIE

The Key Numbers

11 000 visitors*

(7000 professionals and 4000 general public) attended the Salon Bois Energie 2014 across the four days from the 13th to the 16th March where more than 400 exhibitors from 20 European countries showcased the best in wood energy. A series of conferences and study tours also enabled visitors to update their positions on key strategic issues - the presentations are now downloadable from the website.

Innovation Abound

Of particular note were the numerous innovations and new product releases spanning the entire sector, more than 40 of which were pre-released ahead of the event in «**Les Exposants Parlent**» on the website.

The Innovation Competition itself also saw twelve exemplary new product releases rewarded with the new colourful **Bois Energie d'OR and Bois Energie d'ARGENT** trophy. Les Exposants Parlent is still open to viewers on the website and the Jury's report of the Innovation Competition is also now available for download.

The 2014 Video library

More than 50 videos were shot during the Exhibition with a particular emphasis on what's new in wood energy. The videos can be viewed on boisenergie.tv
